

Heart of the Forest Data Protection Policy

Aims:

Heart of the Forest School aims to ensure that all personal data collected about staff, pupils, parents, governors, visitors and other individuals is collected, stored and processed in accordance with the [General Data Protection Regulation \(EU\) 2016/679 \(GDPR\)](#) and the [Data Protection Act 2018 \(DPA 2018\)](#).

This policy applies to all personal data, regardless of whether it is in paper or electronic format.

Definitions

TERM

Personal data

DEFINITION

Any information relating to an identified, or identifiable, living individual.

This may include the individual's:

- Name (including initials)
- Identification number
- Location data
- Online identifier, such as a username

It may also include factors specific to the individual's physical, physiological, genetic, mental, economic, cultural or social identity.

Special categories of personal data

Personal data which is more sensitive and so needs more protection, including information about an individual's:

- Racial or ethnic origin
- Political opinions
- Religious or philosophical beliefs
- Trade union membership
- Genetics
- Biometrics (such as fingerprints, retina and iris patterns), where used for identification purposes
- Health – physical or mental
- Sex life or sexual orientation

Processing

Anything done to personal data, such as collecting, recording, organising, structuring, storing, adapting, altering, retrieving, using, disseminating, erasing or destroying.

Processing can be automated or manual.

Data subject

The identified or identifiable individual whose personal data is held or processed.

Data controller

A person or organisation that determines the purposes and the means of processing of personal data.

Data processor

A person or other body, other than an employee of the data controller, who processes personal data on behalf of the data controller.

Personal data breach

A breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data.

Heart of the Forest

Roles and Responsibilities

Governing board

The governing board has overall responsibility for ensuring that our school complies with all relevant data protection obligations.

Data protection officer

The data protection officer (DPO) is responsible for overseeing the implementation of this policy, monitoring our compliance with data protection law, and developing related policies and guidelines where applicable.

They will provide an annual report of their activities directly to the governing board and, where relevant, report to the board their advice and recommendations on school data protection issues.

The DPO is also the first point of contact for individuals whose data the school processes, and for the ICO.

Full details of the DPO's responsibilities are set out in their job description.

We have appointed Gloucestershire County Council as our Data Protection Officer and they can be contacted on 01452 583619 or schoolsdpo@gloucestershire.gov.uk

All staff

Staff are responsible for:

- Collecting, storing and processing any personal data in accordance with this policy
- Informing the school of any changes to their personal data, such as a change of address
- Contacting the DPO in the following circumstances:
 - With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure
 - If they have any concerns that this policy is not being followed
 - If they are unsure whether or not they have a lawful basis to use personal data in a particular way
 - If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the European Economic Area
 - If there has been a data breach
 - Whenever they are engaging in a new activity that may affect the privacy rights of individuals
 - If they need help with any contracts or sharing personal data with third parties

Heart of the Forest

Data protection principles

The GDPR is based on data protection principles that our school must comply with.

The principles say that personal data must be:

- Processed lawfully, fairly and in a transparent manner
- Collected for specified, explicit and legitimate purposes
- Adequate, relevant and limited to what is necessary to fulfil the purposes for which it is processed
- Accurate and, where necessary, kept up to date
- Kept for no longer than is necessary for the purposes for which it is processed
- Processed in a way that ensures it is appropriately secure

This policy sets out how the school aims to comply with these principles.

The legal basis for processing data are as follows

(a) Consent: the member of staff/student/parent/Governor has given clear consent for the school to process their personal data for a specific purpose.

(b) Contract: the processing is necessary for the member of staff's employment contract or student placement contract.

(c) Legal obligation: the processing is necessary for the school to comply with the law (not including contractual obligations)

The school is committed to ensuring that its staff are aware of data protection policies, legal requirements and adequate training is provided by Gloucestershire County Council. The requirements of this policy are mandatory for all staff employed by the school and any third party contracted to provide services within the school.

Notification:

Our data processing activities will be registered with the Information Commissioner's Office (ICO) as required of a recognised Data Controller. Details are available from the ICO:

[Register of data controllers | ICO](#)

Changes to the type of data processing activities being undertaken shall be notified to the ICO and details amended in the register.

Breaches of personal or sensitive data shall be notified within 72 hours to the individual(s) concerned and the ICO.

Personal and Sensitive Data:

All data within the school's control shall be identified as personal, sensitive or both to ensure that it is handled in compliance with legal requirements and access to it does not breach the rights of the individuals to whom it relates.

The definitions of personal and sensitive data shall be as those published by the ICO for guidance:

The principles of the Data Protection Act shall be applied to all data processed:

[Key definitions of the Data Protection Act | ICO](#)

Heart of the Forest

- ensure that data is fairly and lawfully processed
- process data only for limited purposes
- ensure that all data processed is adequate, relevant and not excessive
- ensure that data processed is accurate
- not keep data longer than is necessary
- process the data in accordance with the data subject's rights
- ensure that data is secure
- ensure that data is not transferred to other countries without adequate protection.

Fair Processing / Privacy Notice:

We shall be transparent about the intended processing of data and communicate these intentions via notification to staff, parents and pupils prior to the processing of individual's data.

Notifications shall be in accordance with ICO guidance and, where relevant, be written in a form understandable by those defined as 'Children' under the legislation.

[Privacy notices, transparency and control | ICO](#)

There may be circumstances where the school is required either by law or in the best interests of our students or staff to pass information onto external authorities, for example local authorities, Ofsted, or the department of health. These authorities are up to date with data protection law and have their own policies relating to the protection of any data that they receive or collect.

The intention to share data relating to individuals to an organisation outside of our school shall be clearly defined within notifications and details of the basis for sharing given. Data will be shared with external parties in circumstances where it is a legal requirement to provide such information.

Any proposed change to the processing of individual's data shall first be notified to them.

Under no circumstances will the school disclose information or data:

- that would cause serious harm to the child or anyone else's physical or mental health or condition
- indicating that the child is or has been subject to child abuse or may be at risk of it, where the disclosure would not be in the best interests of the child
- recorded by the pupil in an examination
- that would allow another person to be identified or identifies another person as the source, unless the person is an employee of the school or a local authority or has given consent, or it is reasonable in the circumstances to disclose the information without consent. The exemption from disclosure does not apply if the information can be edited so that the person's name or identifying details are removed
- in the form of a reference given to another school or any other place of education and training, the child's potential employer, or any national body concerned with student admissions.

Data Security:

In order to assure the protection of all data being processed and inform decisions on processing activities, we shall undertake an assessment of the associated risks of proposed processing and equally the impact on an individual's privacy in holding data related to them.

Risk and impact assessments shall be conducted in accordance with guidance given by the ICO:

Heart of the Forest

[Information security \(Principle 7\) | ICO](#)

Security of data shall be achieved through the implementation of proportionate physical and technical measures. Nominated staff shall be responsible for the effectiveness of the controls implemented and reporting of their performance.

The security arrangements of any organisation with which data is shared shall also be considered and where required these organisations shall provide evidence of the competence in the security of shared data.

Subject Access Requests:

Individuals have a right to make a 'subject access request' to gain access to personal information that the school holds about them. This includes:

- Confirmation that their personal data is being processed
- Access to a copy of the data
- The purposes of the data processing
- The categories of personal data concerned
- Who the data has been, or will be, shared with
- How long the data will be stored for, or if this isn't possible, the criteria used to determine this period
- Where relevant, the existence of the right to request rectification, erasure or restriction, or to object to such processing
- The right to lodge a complaint with the ICO or another supervisory authority
- The source of the data, if not the individual
- Whether any automated decision-making is being applied to their data, and what the significance and consequences of this might be for the individual
- The safeguards provided if the data is being transferred internationally

Subject access requests can be submitted in any form, but we may be able to respond to requests more quickly if they are made in writing and include:

- Name of individual
- Correspondence address
- Contact number and email address
- Details of the information requested

If staff receive a subject access request in any form they must immediately forward it to the DPO.

Children below the age of 12 are generally not regarded to be mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

Heart of the Forest

Children aged 12 and above are generally regarded to be mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may not be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

Personal data about pupils will not be disclosed to third parties without the consent of the child (where appropriate), parent or carer, unless it is obliged by law or in the best interest of the child.

When responding to requests, we:

- May ask the individual to provide 2 forms of identification
- May contact the individual via phone to confirm the request was made
- Will respond without delay and within 1 month of receipt of the request (or receipt of the additional information needed to confirm identity, where relevant)
- Will provide the information free of charge
- May tell the individual we will comply within 3 months of receipt of the request, where a request is complex or numerous. We will inform the individual of this within 1 month, and explain why the extension is necessary

We may not disclose information for a variety of reasons, such as if it:

- Might cause serious harm to the physical or mental health of the pupil or another individual
- Would reveal that the child is being or has been abused, or is at risk of abuse, where the disclosure of that information would not be in the child's best interests
- Would include another person's personal data that we can't reasonably anonymise, and we don't have the other person's consent and it would be unreasonable to proceed without it
- Is part of certain sensitive documents, such as those related to crime, immigration, legal proceedings or legal professional privilege, management forecasts, negotiations, confidential references, or exam scripts

If the request is unfounded or excessive, we may refuse to act on it, or charge a reasonable fee to cover administrative costs. We will take into account whether the request is repetitive in nature when making this decision.

When we refuse a request, we will tell the individual why, and tell them they have the right to complain to the ICO or they can seek to enforce their subject access right through the courts.

Parental requests to see the educational record

Parents, or those with parental responsibility, have a legal right to free access to their child's educational record (which includes most information about a pupil) within 15 school days of receipt of a written request.

If the request is for a copy of the educational record, the school may charge a fee to cover the cost of supplying it.

This right applies as long as the pupil concerned is aged under 18.

Heart of the Forest

There are certain circumstances in which this right can be denied, such as if releasing the information might cause serious harm to the physical or mental health of the pupil or another individual, or if it would mean releasing exam marks before they are officially announced.

Data transfer

Data may be disclosed to the following third parties without consent:

Other schools

If a pupil transfers from Heart of the Forest School to another school, their academic records and other data that relates to their health and welfare will be forwarded onto the new school. This will support a smooth transition from one school to the next and ensure that the child is provided for as is necessary. It will aid continuation which should ensure that there is minimal impact on the child's academic progress as a result of the move.

Examination authorities

This may be for registration purposes, to allow the pupils at our school to sit examinations set by external exam bodies.

Health authorities

As obliged under health legislation, the school may pass on information regarding the health of children in the school to monitor and avoid the spread of contagious diseases in the interest of public health

Health Professionals

As part of the EHCP process and monitoring, the school may pass on information regarding the health of children in the school to other health professionals involved in the welfare of the child.

Police and courts

If a situation arises where a criminal investigation is being carried out we may have to forward information on to the police to aid their investigation. We will pass information onto courts as and when it is ordered.

Social workers and support agencies

In order to protect or maintain the welfare of our pupils, and in cases of child abuse, it may be necessary to pass personal data on to social workers or support agencies.

Educational division

Schools may be required to pass data on in order to help the government to monitor the national educational system and enforce laws relating to education.

CCTV

We use CCTV in various locations around the school site to ensure it remains safe. We will adhere to the ICO's [code of practice](#) for the use of CCTV.

We do not need to ask individuals' permission to use CCTV, but we make it clear where individuals are being recorded. Security cameras are clearly visible and accompanied by prominent signs explaining that CCTV is in use.

Heart of the Forest

Any enquiries about the CCTV system should be directed to the school business manager

Right to be Forgotten:

Where any personal data is no longer required for its original purpose, an individual can demand that the processing is stopped and all their personal data is erased by the school including any data held by contracted processors.

Photographs and Video:

Images of staff and pupils may be captured at appropriate times and as part of educational activities for use in school only.

Unless prior consent from parents/pupils/staff has been given, the school shall not utilise such images for publication or communication to external sources.

It is the school's policy that external parties (including parents) may not capture images of staff or pupils during such activities without prior consent.

Location of information and data:

Hard copy data, records, and personal information are stored out of sight and in a locked cupboard or office. The only exception to this is medical information that may require immediate access during the school day. This will be stored in the child's class for accessibility should it be required. If the child is taking part in activities outside of the classroom the medical information will stay with them at all times in the possession of the member of staff supervising the child in order that medication can be administered immediately should the need arise.

Intimate care protocols will be stored in the intimate care rooms within each classroom. Access to these areas is restricted to classroom staff. The protocols will be locked away overnight.

Sensitive or personal information and data should not be removed from the school site, however the school acknowledges that some staff may need to transport data between the school and their home in order to access it for work in the evenings and at weekends. This may also apply in cases where staff have offsite meetings, or are on school visits with pupils. Individuals taking personal data offsite should sign out the files using the book located in main reception. This is to ensure the school knows what information has been taken and who has it.

Pupil records from previous years are stored in a GCC secure storage location.

The following guidelines are in place for staff in order to reduce the risk of personal data being compromised:

- Paper copies of data or personal information should not be taken off the school site. If these are misplaced they are easily accessed. If there is no way to avoid taking a paper copy of data off the school site, the information should not be on view in public places, or left unattended under any circumstances.
- Unwanted paper copies of data, sensitive information or pupil files should be shredded. This also applies to handwritten notes if the notes reference any other staff member or pupil by name.
- Care must be taken to ensure that printouts of any personal or sensitive information are not left in printer trays or photocopiers.
- If information is being viewed on a PC, staff must ensure that the window and documents are properly shut down before leaving the computer unattended. Sensitive information should not be viewed on public computers..

Heart of the Forest

- Laptops and USB sticks that staff use must be password protected.

These guidelines are clearly communicated to all school staff, and any person who is found to be intentionally breaching this conduct will be disciplined in line with the seriousness of their misconduct.

Data Disposal:

The school recognises that the secure disposal of redundant data is an integral element to compliance with legal requirements and an area of increased risk.

All data held in any form of media (paper, tape, electronic) shall only be passed to a disposal partner with demonstrable competence in providing secure disposal services.

All data shall be destroyed or eradicated to agreed levels meeting recognised national standards, with confirmation at completion of the disposal process.

Disposal of IT assets holding data shall be in compliance with ICO guidance:

https://ico.org.uk/media/for-organisations/documents/1570/it_asset_disposal_for_organisations.pdf

**The school has identified a qualified source for disposal of IT assets and collections.
The school shreds sensitive data that is no longer required.**
